## Experience

---

### US ARMY/ Section Chief MOS 13-R

OCTOBER 2020 - XXX - Fort Carson

As an E-4 Cpl I managed to be ahead of my peers in all ways work related and off , this allowed me to be in charge of 4 other soldiers. I Maintained readiness of soldiers and provided leadership to the best of my ability to mentor and guide.

### Chick- Fil A/ Cashier-Front of House

MONTH 2017 - MONTH 2018, El Paso

Interact with customers , manage product transactions, resolve customer conflicts and answer questions , while advancing customer service and verbal communication skills.

### BlueStar Investments/RE investor & Mentor

Jan 2021-XXXX, SAN ANTONIO

Managed, operated, and thought individuals the “ins and outs “ of real estate investing and how to be a middle man without their own money, this brought a return of revenue and helped increase RE sales across the board.

### Marcos Mobile Detailing/ COO/CEO/ Operator

May 2022-XXXX, SAN ANTONIO

Upkeep, Maintain and provide an automotive cleaning service for clients who request our time in an exchange for profit. This in turn advancing my communication skills, and my sales tactics with new or returning clients.

## Education

---

### BCT & AIT/ Certification in Artillery Radar Operations

OCT 2020 - MAY 2021, Lawton, OK Fort SILL

I maintained readiness and remained vigilant while in return learning and advancing my knowledge absorption so that I may be the best in the current field I chose to be in.

### Parkland HighSchool/HighSchool Diploma

JAN 2019, EL PASO

I graduated HighSchool Earlier than my peers with a 3.6GPA allowing me to focus on my goals of being a 6 figure earner before the age of 25

By graduating early this has opened the door for learning big lessons and staying ahead of the curve.

### Front-End simplified/ Front-End Dev & Software engineering school

APR 2022-JUNE 2022, SAN ANTONIO

I completed a 8 week course on all languages front end development wise. I learned how to navigate and properly set up websites with a very useful interface and mitigate errors by learning how to also catch errors before I make them.
